

TRUE HOPE

BY THE NUMBERS ANNUAL REPORT 2022

A MESSAGE FROM PASTOR RYAN

NUMBERS

Why do numbers matter? Not for measuring ourselves with the wrong motives, but rather to reveal a window of insight into the health and life of an organization.

And while, not all health can be measured. Some can. Numbers matter because people matter. Every number has a name, and every name has a story. And every name and every story matters to God.

So this is True Hope by the numbers in 2022. With great gratitude, we say thank you to God for his faithfulness in our lives! With anticipation we look forward to the years to come, as we continue to give ourselves to helping more people find their way back to God!
